ORDER—Recorded.

By order of the Governor

P. C. DAS

Secretary to Government

No. 742 Regn. / XXXIII-8/44

From

Sri S. N. MISRA, B.A.,
SECRETARY TO THE REVENUE COMMISSIONER

To

THE SECRETARY TO THE GOVERNMENT OF ORISSA
DEVELOPMENT DEPARTMENT

Dated Cuttack, the 26th May 1944

Sir,

I am directed to submit a report on the administration of the Registration Department in the Province of Orissa for the three years ending on the 1st December 1943.

2. Mr. E. R. Wood, C.I.E., I.C.S., was in charge of the department up to the 15th May 1942, Mr. P. T. Mansfield, C.S.I., C.I.E., I.C.S., from the 16th May to the 28th July 1942, Mr. E. C. Ansorge, C.S.I., C.I.E., I.C.S., from the 29th July 1942 till the 10th April 1943, since when Mr. S. L. Marwood, C.I.E., I.C.S., has been in charge.

3. The number of registration offices was 43 throughout the triennium. The experimental Sub-Registry office at Patrapur which was opened in the district of Ganjam on the 1st December 1938, was made permanent during the triennium under report, i.e. with effect from the 1st March 1942. A temporary Joint Sub-Registry office was opened at Khallikote and was subsequently transferred to Sumandala and then to Beguniapada in the district of Ganjam for the registration of Pattas and Muchilkas relating to the estates of Khallikote and Athagada with concurrent jurisdiction with the respective Chatrapur and Purushottampur registration offices. The period of each of the offices was as noted below :—

Khallikote from 15th April 1941 to 25th May 1941.

Sumandala from 26th May 1941 to 25th November 1941.

Beguniapada from 26th November 1941 to 25th December 1941.

4. The statement below gives details of the number of documents registered and the total receipts and expenditure in the last three years and the averages of this as well as of the preceding triennium.

Year.	Number of documents registered.	Total receipts.	Total expenditure.	Average receipts for each document registered.	Average expenditure for each document registered.

Average for the preceding triennium.	140,798	2,36,697	1,46,190	1 11 0	1 0 0
Percentage of increase + or decrease(—)	+21·76%	+22·59%	+11·29%	+0·30%	—5·20%

5. The total number of documents of all classes registered in Books 1, 3 and 4 during the triennium under report was 514,301 as against 422,395 in the preceding triennium showing an increase of 91,906 documents or 21·76 per cent.

In the triennium under review both the compulsory and optional registrations of documents affecting immovable property have increased. While the compulsory registrations increased from 407,803 to 494,806 or by 21·33 per cent the optional registrations increased from 7,150 to 11,591 or 62·11 per cent. There is also an increase under other registrations, comprising registrations affecting movable property, wills and authorities to adopt from 7,439 to 7,904 or 6·25 per cent.

6. The aggregate values of immovable property affected by the documents registered during the three years 1941, 1942 and 1943, were Rs. 1,90,21,995, Rs. 1,90,39,618 and Rs. 2,99,53,525 respectively.

7. The following statement compares the receipts and expenditure of the treinnium under report with those of the previous triennium :—

——	Triennium ending the 31st December 1940	Triennium ending the 31st December 1943	Increase + or decrease (—)	Percentage of increase + or decrease(—)
	Rs.	Rs.	Rs.	
Receipts	7,10,092	8,70,499	+1,60,407	+22·59
Expenditure ..	4,38,570	4,87,380	+48,810	+11·13
Surplus	2,71,522	3,83,119	1,11,597	+40·95

8. The variations in the number of registrations for the different districts within the triennium are noted in the following table. The increase or decrease in 1941 as compared with those in 1940 and those in 1942 as compared with those in 1941 were explained as far as possible in the statistical returns for the years 1941 and 1942. In the present report, therefore, while figures are compared for all the three years, the explanation of increase or decrease is confined chiefly to the fluctuations in 1943, as compared with 1942 :—

	1941	1942	1943
	Percentage of increase (+) or decrease (—) as compared with those of the preceding year.		
Cuttack	—0·56	—10·60	+29.77
Balasore	+8·38	—7·10	+63·55
Puri	+5·63	—10·93	+34·25
Sambalpur	+8·12	+3·76	+16·73
Angul	+139·15	—31·27	—13·00
Khondmals	—80·56	+142·86	—47·06
Ganjam	+19·23	+1·73	+30·56
Koraput	+4·31	+22·57	+0·94

During the year 1943 the total number of documents registered increased in all the districts except in Angul and Khondmals. The decrease in these two districts, which are partially-excluded areas, calls for no particular remarks as the number of registrations in these areas is very small and the percentage of fluctuation shows high variations from time to time. The increase in other districts is partly due to the after-effects of cyclone and partly to high prices in foodgrains, which compelled the people to sell or mortgage their properties. There is also the tendency among the well-to-do men to invest money in landed property which yields a good return in these days of high prices of foodgrains.

9. The total number of applications for search, inspection and copy was 25,701 as against 22,272 in the preceding triennium. The rise in the number by 3,429 or 15·40 per cent can be ascribed to stricter control over the work in the record rooms of the registration offices.

10. The system of taking thumb impressions of parties upon documents continues to be a powerful check on fraud and false personation and has gone a great way in keeping down the number of prosecutions under section 83 of the Indian Registration Act which numbered six during the period under review against four in the preceding triennium.

11. The number of refusals to register was 148 in 1941, 116 in 1942 and 132 in 1943.

12. Out of the total of 396 refusals, appeals and applications under sections 72 and 73 of the Indian Registration Act were made to the Registrars of the districts in 75 cases or 18·94 per cent. In 30 cases, or 40 per cent of these cases, the District Registrars upheld the orders of the Sub-Registrars. In one case, the Civil Court ordered the registration of a document under section 77 of the Indian Registration Act.

13. The system of returning completed documents by post to the parties concerned continues in South Orissa, but is very rarely used in North Orissa. The system offers a facility to these who chose to use it.

14. The post of an Inspector of Registration offices has been sanctioned temporarily for a further period of three years with effect from the 1st March 1943 for the inspection of registration offices and for giving advice on technical matters. The District Registrars are unable to devote much of their time to inspections nor is it ordinarily possible for the Inspector-General of Registration to make inspections so long as the post is confined with that of the Revenue Commissioner, who has many other duties to perform. The inspections are, however, judiciously spread over the year between the Inspector of Registration offices and the District Sub-Registrars and the Sadr Sub-Registrars, as the case may be. Besides, the Inspector of Registration offices has also to inspect the record rooms of public offices, Revenue, Civil and Criminal Courts in order to ascertain that the rules for the cancellation of Court-fee stamps have been uniformly and properly carried out. The practice of restricting the inspection of offices by the Sub-Registrars in charge of district headquarters offices to once instead of twice a year with a view to effect economy continued in the triennium under review.

15. Two Sub-Registry offices are located in rented buildings and the question of construction of office buildings and quarters for the Sub-Registrars and their staff has been deferred till after the war.

16. As mentioned in paragraph 16 of the report for the year 1940, Sub-Registrars continued to perform works of public utility. Besides these, Sub-Registrars in mufassal areas have been associated with the organisations of price control and sale of standard cloths.

17. In Angul and the Khondmals only sections 81 and 82 of the Indian Registration Act are in force with separate rules for the registration of documents. The question of extending the whole of the Indian Registration Act and the rules framed thereunder in these two districts is under the consideration of Government.

18. In the triennium under review 8,50,088 notices under section 31 of the Orissa Tenancy (Amendment) Act, 1938 were issued for service on landlords in the districts of Cuttack, Puri and Balasore and the income derived therefrom in the shape of court-fee stamps amounted to Rs. 2,97,289.

19. The departmental instructions and orders were printed in 1942. These along with the registration rules approved by Government could not be given effect to as the unified rates of fees and certain other notifications under the Act are still pending with Government for approval and publication.

20. During the triennium under report five officers retired from service, two died, four promoted to the Orissa Subordinate Executive Service and two deputed to Military and Naval Services.

I have the honour to be

SIR

Your most obedient servant

S. N. MISRA

Secretary to the Revenue Commissioner
